"THE RAJA PROJECT"  
NEWSLETTER N.11

**BEST WISHES TO ALL OF YOU!**

Great News for Raja's friends:

**The 'Raja - Crupe' Art room at the Ban Nadoo Orphanage in Luang Prabang, Laos, is now a reality.**

Raja's red butterfly keeps flying everywhere and in Switzerland she has found a very special tree: the little green tree of the **Crupe Foundation** ([www.crupe.com](http://www.crupe.com)).

**What an encounter!**

The red butterfly and the green tree are already making magic together. The Art room at the Ban Nadoo orphanage has been Raja's dream since 2007, when Arianna first met the kids there and painted with them. **Thanks to our new friend Andrew** who has been supervising every day the workers, **the Art room is ready for the children to play in it.** So many beautiful artworks, so much laughter, so much joy in the Raja - Crupe Art room!

**Raja with the new friends from Crupe is planning in 2013 more constructions** around the world.

In the new Raja website you'll find images from Laos and from our projects:
